

## RESPONSE TO RTEC COMMENTS

SETUP CORE ☐ LOCAL GIA ☒

Project Title:	<b>Streamlined Scheduling System for Laboratory Analysis of the Regional Standards and Testing Laboratory</b>
Beneficiary/Proponent:	<b>RSTL MIMAROPA</b>
Province:	<b>Palawan</b>
Amount Requested:	<b>P 1,100,000.00</b>
Date of Evaluation:	<b>March 19, 2024</b>

<b>RTEC Comments</b>	<b>Response</b>
<b>As collaborators, what are the responsibilities of and the benefits that Roxas Water District and Agumil Philippines Inc. may get?</b>	The sample collectors from Roxas Water District and Agumil Philippines will be the first customers of the RSTL to test the performance of the system. By using the developed system, there is no need for them to travel to Puerto Princesa or call the laboratory to secure testing schedule.
<b>Why is there a large amount allocated for Professional Services?</b>	Payment for the security services (Php150,000.00) and laboratory accreditation fee (Php100,000.00) will be charged to the Professional Services of this project.
<b>Create a user-friendly interface to cater all age brackets and take note that the web interface should automatically adjust when accessed on phone and tablet devices</b>	This is noted and will be included in the development of the system.
<b>Consider connecting with Mr. Jhaze Asuncion for a holistic payment approach consultation</b>	This is noted.
<b>Prepare a contingency plan for possible system bugs and project the long-run maintenance cost for its operational sustainability</b>	This is noted and will be included in the operational procedure of the system.
<b>Determine and ensure a widespread information dissemination process</b>	The RSTL will be a part of the PSTO Palawan initiative called the STI Town Hop program wherein DOST Palawan personnel goes to different towns in the province to introduce the different programs of DOST. In this venue,

Republic of the Philippines  
**Department of Science and Technology**  
**MIMAROPA Region**

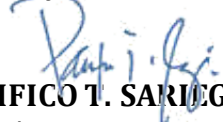

---

	information about the RSTL scheduling system will be included and the stakeholders will be taught on how to use the system.
<b>Provide a projected number of online and walk-in clients</b>	The projection for online and walk in clients is at 75% and 25%, respectively.
