Dear **Regional Director Abilay**,

Greetings from the Marinduque State College!

We are respectfully endorsing the attached proposal entitled **“Establishment of Hatchery for Potential Sea Cucumber Aquaculture in Marinduque, Philippines”** for funding consideration of your good office.

This project generally aims to establish a hatchery for potential sea cucumber aquaculture in the Province of Marinduque. Specifically, it aims to: 1) assess the composition of the species and provide baseline information on the abundance, distribution and diversity of the resources and its economic impacts in the selected sampling sites; 2) develop capacity for the project management team on sea cucumber hatchery operations; 3) determine possible source of wild stocks for hatchery; and 4) develop hatchery protocol for high value sea cucumber species existing in the Province of Marinduque.

Thank you very much and Godspeed.

Very truly yours,

Prof. Dr. DIOSDADO P. ZULUETA
