Dear **RD Abilay**:

Greetings!

The Marinduque State College would like to extend our deepest gratitude to the immeasurable support of the DOST-MIMAROPA for the improvement of R&D capabilities of this institution.

In connection to this, MSC would like to avail the DOST-MIMAROPA's technical assistance through DOST's Grant in Aid Program (GIA), specifically, we need support for the project entitled "Automatic Flood Monitoring System for Boac River".

We aim to develop an Automatic Flood Monitoring System that will be incorporated with Lorawan Technology for Boac River that will be spearheaded by our KTTO Director, Engr. Edgardo R. Laririt.

We believed that through DOST-MIMAROPA's assistance, we will be able to acquire appropriate supplies & materials, equipment that is essential for the applied research that we would like to conduct.

Thank you very much and we are looking forward for your positive response.

Very truly yours,

DIOSDADO P. ZULUETA, FFCP, DPA
