Dear Sir,

We are pleased to submit herewith our quotation for the following:

1. FAIRES HAMMERMILL MODEL 300, a versatile "size reduction machine" designed for dry friable (non fibrous) grain and other materials in sizes that can flow freely into the grinding chamber; 300 to 350 kilos per hour capacity (based on shelled corn with 3/16" dia screen). Complete with grading screen of 3/16" dia perforation; loading hopper with BUILT-IN-STONE AND METAL TRAP; balanced grinding rotor with concave hammer blades on cold-rolled shaft and ball bearing. Over all height is 6 ft., approximate floor space requirements is 3 ft. x 4 ft. square.

Complete with 3 HP electric motor single phase TEFC, 60 cycles 220 volts with pulley and common steel base.

UNIT PRICE FOB MANDALUYONG.....P 110,000.00

2. FAIRES HORIZONTAL COMPULSARY MIXER MODEL 550, designed for average production requirements for a wide variety of industrial, pharmaceutical food and feed applications and particularly used for blending in liquid additives. Capacity per batch is 21 cu. ft. or 550 lbs. (250 kilos) of feeds at 50 lbs. per cu. ft., made of heavy gauge steel body with gasket dust cover; discharge gate, inspection window and legs. Unique "KRISS-KROSS" blades for combined scooping and lifting action to insure accuracy and uniformity.

Complete with 7.5 HP electric motor single phase, with chain and sprocket drive, motor mounting base, chain guard and foundation bolts.

UNIT PRICE FOB MANILA.....P 525,000.00
