RSU Vision

A research-based academic institution committed to excellence and service in nurturing globally competitive workforce towards sustainable development.

RSU Mission

Romblon State University shall nurture an academic environment that provides advanced education, higher technological and professional instruction and technical expertise in agriculture and fisheries, forestry, engineering and technology, education, humanities, sciences and other relevant fields of study and collaborate with other institutions and communities through responsive, relevant and research-based extension services.

RSU Quality Policy

Romblon State University commits to provide higher education through quality instruction, research, production, and communitybased extension services that meet or exceed the requirements and expectations of the university's stakeholders. It will comply with international standards, applicable statutory and regulatory requirements, and continually improve the Quality Management System's effectiveness through periodic monitoring and evaluation toward sustained remarkable outcomes.

RSU Core Values

- Stewardship
- Competence
- Resilience
- Integrity
- Balance
- Excellence
- Service

These Core Values serve as our guiding principle in our efforts to make ROMBLON STATE UNIVERSITY a recognized HEI in the region and beyond.

July 15, 2024

DR. MA. JOSEFINA P. ABILAY

Regional Director
DOST-MIMAROPA
DOST Compound
Bicutan, Taguig City

Ma'am:

Greetings!

All key players in the marble industry including NGAs, LGUs, the academe, and the Provincial Government of Romblon continuously push forward campaigns to strengthen the province's major and largest commodity – the marble. Consequently, we would like to propose a project to enhance the packaging of Romblon marble by designing laminated bamboo boxes and crates for marble products. Additionally, we aim to enhance branding by utilizing laser technology to etch the marble producer's names on the crates. These bamboo boxes and crates are intended for heavier marble novelty items like figurines, jars, urns, and furniture items. Packaging these items in well-designed boxes will not only increase the price of the total product by incorporating the price of the box and the product, but also put a premium price from the benefits of packaging.

We do hope for your kind indulgence on the matter.

Very truly yours,

DR. BILSHAN F. SERVAÑEZ
Project Leader
